Dear Friends and Neighbours,

Saanich Volunteer Services Society supports and promotes the wellbeing of Saanich residents through coordinated volunteer services and connections to community resources. For over 27 years, Saanich Volunteers have fostered and supported a truly unique and genuine community of neighbours helping neighbours.

Saanich Volunteers provide support services to residents of our community to live independently. One of our most popular services is connecting volunteer drivers with individuals who need help getting around, whether it is to that important doctor's appointment, running personal errands, or just getting out of the house to do a little shopping. These drives play a vital role in a senior's daily routine enabling them to live independently. Without the free, direct volunteer services we offer, more Saanich seniors would be isolated and lonely, or placed in a position of choosing to drive when they shouldn't be driving.

The services we offer would not be possible without the support of our entire community. Like many small volunteer organizations, we depend on the generosity of our neighbours like yourself. It is through donations that we can pay the costs of offering our services.

Please make a donation today to Saanich Volunteer Services Society. Help us continue to serve our neighbours, friends and family members and enhance the quality of support services we provide.

Thank you,

Peter Argast, Board President and Volunteer, Saanich Volunteer Services Society
